## Better Pack® 333 Plus

### Rugged and Reliable. Simply the Industry Standard.

Better Packages, the world's leading manufacturer of water-activated tape dispensers and systems, proudly offers the new and improved Better Pack 333 Plus. Offering the same dependable, versatile, portable performance that made the Better Pack 333 the top-selling manual tape dispenser in the world today, this latest model features several value-added enhancements for extra efficiency.

### BP E-Z Pull Tab® Tape

Compatible with all Better Pack 333 models, E-Z Pull Tab Tape is a reinforced or kraft paper tape with a water-activated adhesive that penetrates the surface of cartons. With its patented pull tab and tear strip, it offers: bonding the tape into the surface.

- Customer convenience
- Enhanced security
- Ease of opening
- Improved safety

# Better Packages Heavy Duty, Variable Length, Manual Tape Dispenser

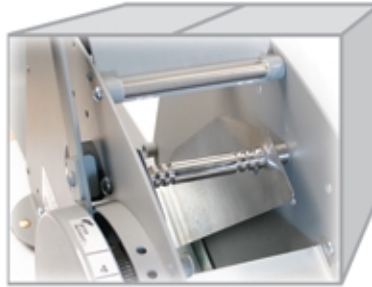

## Making Manual Tape Dispensing Easier Than Ever Before.

Made in America, Better Packages' manual WAT tape dispensers are the most popular in the world... and with good reason. The Better Pack 333 Plus will save you time, money and aggravation. It's portable enough for moving companies to store it in vans and bring to each

location – or it can be kept in a fixed position of an industrial packaging department. Perfect for residential or commercial applications, the Better Pack 333 Plus is the best way to securely seal cartons by hand.
